St. Cloud Hotel.

THIS new and commodious house, located corner of Broadway and 42d Street, possesses advantages over all other houses for the accommodation of its guests. It was built expressly for a first class Family Boarding House—the rooms being large and en suit, heated by steam—with hot and cold water, and furnished second to none; while the culinary department is in the most experienced hands, affording guests an unequaled table.

One of Atwood's Patent Elevators is also among the 'modern improvements" and at the service of guests at all hours.

The Broadway and University Place Cars pass the door every four minutes, running from the City Hall to Central Park, while the Sixth and Seventh Avenue Lines are but a short block on either side, affording ample facilities for communicating with all the Depots, Steamboat Landings, places of Amusement and Business of the great metropolis.

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED—AND THE NEW

Universal Clothes Wringer

Improved with ROWELL'S PATENT DOUBLE COG WHEELS, and the PATENT STOP, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L Cuyler.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer*

"I heartily commend it to economists of time, money, and contentment."—*Rev Dr Bellows.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I am sure you 'our Machine,' after a year's use, is thought more of to day than ever, and would not be parted with under any circumstances."—*Solon Robinson.*

"Your Washing Machine has been in daily use in our laundry, and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it, one laundress is dispensed with"—*Wm. M F. Round, Superintendent of Infant Department of St. Catharine's Nursery, N. Y City.*

PRICES.—A Fair Offer.

Send the retail price, Washer $14, Extra Wringer $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to directions.

No husband, father or brother should *permit* the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

Sold by dealers generally, to whom liberal discounts are made.

Important to Magistrates and other County Officers!

Hand-Book for County Officers:

A Guide for Justices of the Peace and Other County Officials.

Revised, Enlarged and Improved!

THE SECOND EDITION OF THIS work, greatly enlarged and improved, will be ready for delivery to subscribers on the 10th of September. It has been delayed thus long, in order to add to its usefulness, by publishing

All the Acts of the last Session of the General Assembly

relating in any manner to County Officers, or County Police.

The Publishers have spared no expense in getting up this edition; the text and the forms being carefully prepared and arranged by a member of the Raleigh Bar, of acknowledged ability and great experience in preparing legal forms and codifying laws.

Justices of the Peace, Judges of Probate, Sheriffs, and all other County Officers, will find in the HAND-BOOK the law prescribing their powers and respective duties, together with forms and precedents necessary to a proper and systematic discharge of their duties. No Justice of the Peace, or other County Officer of ordinary intelligence can possibly err, or fail to fill his office with credit to himself, who will make the Hand-Book his guide, however inexperienced he may be in the practice, procedure and forms of law. The edition contains over THREE HUNDRED LARGE SIZED PAGES of closely printed matter, on good paper, with a table of contents and a full and exhaustive index to the text, and over

Two Hundred and Fifty Forms,

inserted with the text, and immediately following the provisions of the law to which they apply.

In order to place the Book within the reach of every officer and business man of the State, the publishers offer the same at the following reasonable prices.

One Copy, in paper cover,	$2.00
" " " cloth	2 25
" " " law binding	2 50

When sent by mail 25 cents must be added.

Upon the receipt of price, the book will be at once mailed or sent by express, as subscribers may direct. Address

WORK FOR SEPTEMBER.

WHEAT SOWING.—To the grain grower, this month is of special importance in the preparation for wheat sowing and getting the seed safely committed to the ground. It should be known generally that in some of the best cultivated sections of Maryland good farmers practice seeding early in this month. The red wheats have been sown much of late years to the general exclusion of the white, and seem to admit of being sown earlier than the latter.

The arguments in favor of early seeding which we have constantly urged have lost none of their force, and we would make for this latitude the 10th of September, and the 15th of October, the limits of seed time, getting through with it as early as practicable after the first named.

MANURES.—If stable and barn-yard manures are to be applied, put them as early as practicable on the land after the principal plowing, provided they are not so coarse as to interfere with the seeding operations. In that case apply them immediately after seeding, broadcast from the cart.

If commercial fertilizers are to be used, apply on land of fair quality what may be equal to two hundred pounds of best Peruvian guano to the acre. The articles offered for sale in the market are of various quality, many of them very good. The combinations of Peruvian and phosphatic guano, or their equivalents, are the main ingredients, and furnish usually the specific elements needed.

PUTTING IN THE SEED.—We recommend, without qualification, the use of the drill, with guano attachment for putting in seed. There is no question, after many years' experience of the great economy of seed and labor in the use of this valuable implement. The insurance against winter killing and the general vigor of the growth afford a security also as to the success of the crop, which is of great importance. If the drill be not used, the gang plow is the best implement; cover with a light furrow. On corn and tobacco land seed without breaking the ground first, using any implement which will cover it sufficiently. If the corn ground be grassy, a sharp-tooth drag-harrow run in one direction and immediately back in its own track, will comb off the grass effectually.

QUANTITY OF SEED TO THE ACRE.—The common practice varies materially, from a bushel and a peck to two bushels broadcast, and at least a peck less for drilling.

HE SAVED MY LIFE

Did you eber know, massa, dat I'd been to Pike's Peak whar de gold is in big chunks?

No, sir, I did not know it.

Well, massa, it's so, and I came near gittin' drownded.

How so?

I'll tell you: me and a new'der stugents ob the pick and shobel was takin a sail up a riber, and pooty soon bime bye de boat struck a snag, and ober we went—I not knowin' how to swim, down I went.

Terrible!

Well, dar was a large crowd ob de shore, and when I come up I see a feller make a jump, and come within free feet ob me. Jest as I was going down for de last time he grabbed me by de wool and dragged me to de shore.

Your rescuer was a noble fellow.

But, massa, he was de meanest man I eber seed.

Why so?

'Cos he said dat he wanted to save me for I owed him ten dollars, and he didn't feel like losing it.

ABSENT.—A gentleman called to see a lady, and was told she was out although he saw the lady's head reflected in a mirror placed opposite to the open door. One hour after he met the lady at the house of a friend and observed: "I called at your house just now, but did not have the pleasure of seeing you." "I am very sorry, but I had to go out in great haste," was the reply. "In such great haste, madam, that I suppose you left your head behind you, as I saw it in the glass." "It is very possible, for I am so absent."

WEDNESDAY SEPT. 22, 1869

Tribute of Respect to Ex-Gov. Worth.

A meeting of the Bar and of the citizens of Guilford county took place at the Court House on the 14th inst., it being Tuesday of the Superior Court. On motion of Ralph Gorrell, Esq., Hon. James T. Morehead was called to the chair and Levi M. Scott, Esq., was requested to act as Secretary.

Mr. Morehead on taking the chair delivered an eloquent address, dwelling upon the virtues of the deceased and extolling his character as that of an earnest and honest man of indomitable will. He gave many interesting reminiscences of his intercourse with the deceased.

On motion, a committee of five, consisting of Hon. Wm. A. Graham, C. P. Mendenhall, Esq., Hon. John Kerr, Hon. James M. Leach and Joseph Masten, Esq., were appointed to report resolutions. The Committee reported the following which were unanimously adopted:

WHEREAS, The Members of the Bar in attendance on Guilford Superior Court at Fall Term, 1869, and the citizens of Guilford county, of which Gov. Worth was a native, having been informed of the death of that distinguished and highly esteemed gentleman, deem it fit to give public expression to the feeling with which they are inspired by this melancholy event. Therefore it is

Resolved, That we, who are here assembled, have received with sincere sorrow the intelligence of the death of the Honorable JONATHAN WORTH at his residence in Raleigh, on the night of the 5th of September instant: and we tender to his surviving family our sincere sympathy in their sad bereavement.

Resolved, That as a member of the legal profession, as a public-spirited citizen of the State, and in the various public trusts with which he was at different times invested, terminating with the chief magistracy of the Republic, Governor Worth exhibited talents and virtues which inspired the esteem and affection of his associates, and commanded the respect and gratitude of the good people of North Carolina. Called to administer the Government at a period of peculiar difficulty and embarrassment, he manifested abilities commensurate with the crisis, faculties rarely equalled, a spirit of moderation and charity, of sincere desire for peace and conciliation among the people of the different States of the Union, and a devotion to the honor and welfare of the people of North Carolina, worthy of all commendation.

Resolved, That we will cherish his memory as that of a most benevolent and useful citizen, an upright and intelligent practitioner of the law and a faithful, able and trustworthy public servant.

Resolved, That a copy of these resolutions be communicated by the chairman of this meeting to the widow of Governor Worth, with assurances of our condolence and best wishes for her prosperity and happiness.

Resolved, That these resolutions be published in the newspapers of Greensboro, and that the other papers of the State be requested to copy the same.

Pending the adoption of the resolutions, appropriate and eloquent addresses were delivered by Hon. W. A. Graham and D. F. Caldwell, Esq.

JAMES T. MOREHEAD,
Chairman.

Another Man Shot in Jones County.

We learn, says the Newbern *Times*, that about half an hour before sun down Wednesday P. M. a young man named David Green was shot in Jones County. The circumstances are as follows:

Mr. Green was intending to come to this city to-day and had been to a Mr. Koontz for a cart, and when he was returning to his home and while crossing a branch half or a quarter of a mile from his residence he was shot by some person at present unknown. Only one gun was fired, and eleven buck shot were fired into his body, two entered his head and most of the rest lodged above his waist. A colored man named Solomon was with or near him at the time and drove to the house of Mr. Eubanks a tenant of Mr. Green's where he was cared for and still remained at last account.

THE SOUTHERN COMMERCIAL CONVENTION which met some months since at Memphis, adjourned to meet again at Louisville on the 12th of October.

Governor Hoffman, of New York, has appointed a list of delegates consisting of such men as Wm. C. Bryant, A. A. Low, Frederick A. Conkling, Erastus Brooks, Wm. M. Tweed, Horatio Seymour, Marshall O. Roberts, Horace Greely, &c.

The Philadelphia *Press* urges Governor Geary, of Pennsylvania, to appoint a delegation equally strong, a horrible

LITERATURE IN THE SOUTH.

All Southern men and women with the proper feelings of self-respect, should be deeply interested in the efforts which are now being made throughout the South to develop her native literary talent, and to build up a literature, through which her past history shall be vindicated from all the obloquy which is now being heaped upon it, and whereby Southern thought and Southern civilization shall be adequately represented in the arena of the modern world. But strange as it may appear, there prevail a remarkable apathy and indifference on the part of the great mass of the population to all literary projects, which can scarcely be accounted for on grounds creditable to Southern character. The editors of the South, as a body, have perhaps done what they could to dispel this indifference, and to arouse the people to the imperative necessity of fostering native enterprise, if they wish to preserve inviolate the sacred honor of their dead, and to bequeath a heritage of liberty to their children.

The New Eclectic Magazine, which has now been in existence for three years, and with which has recently been incorporated *The Land We Love*, stands at the head of the list of Southern publications. At this period of the year, when persons are in the habit of choosing their periodicals for the winter, it is especially requested of the Public that they bestow a part at least of their patronage upon a periodical published in their interest, and which, the Southern and the Northern press both being the judges, is the peer of any magazine published in America,—both in its literary standards and the quality and attractiveness of its typography.

THE LADY'S FRIEND FOR OCTOBER.—Many of our readers will remember the beautiful ballad of "Jeanie Morrison":

"I've wandered, east, I've wandered west,
I've borne a weary lot,
But in my wanderings, far or near,
Ye never were forgot.
The fount that first burst frae this heart,
Still travels on its way;
And channels deeper as it rins,
The luve of life's young day."

Well, the beautiful steel engraving of this number of the "Queen of the Monthlies," illustrates Motherwell's touching ballad. This is followed by the usual large and handsome colored fashion plate—and by numerous other plates of the fashions—Country Toilet, Walking Costume and Riding Habit, Numide Collar, Bodices, &c. The Music of this number is the popular song, "What Need have I the Truth to Tell?" Among the excellent literary matter, we note "The Prize of Two Men's Lives," by Amanda M. Douglas; "Roland Yorke," by Mrs. Henry Wood; "Miss Stanley's Parish," by Frances Lee; "Between Two," by Elizabeth Prescott; &c., &c. The publishers offer great inducements to new subscribers, and we recommend our readers to inclose ten cents for a sample copy, to Deacon & Peterson, 319 Walnut Street, Philadelphia. Price $2.50 a year (which also includes a large steel engraving.) Four copies, $6. Five copies (and one gratis), $8. "The Lady's Friend" and "The Saturday Evening Post" (and *one* engraving), $4.00. Specimen numbers sent for ten cents.

The telegraph has reported the death of Hon. John Bell, of Tennessee, at the advanced age of seventy-two. Mr. Bell was a great and good man. At thirty-one he first entered Congress, defeating Felix Grundy, the friend of Jackson, and continued a member of the House for fourteen years. In 1834 he defeated a tremendous coalition against him, and was chosen Speaker over James K. Polk. He held the war portfolio during General Harrison's brief term of office. In '47 he was elected to the United States Senate, retired in '59, and his last appearance in public life was as a candidate for the Presidency. Few men were purer, or had passed a more honorable or useful existence, but he had outlived his fame and vigor, and was latterly only a part of the memories of better days.—*Pet. Index.*

SMOKING TOBACCO.—The Commissioner has also decided that packages of smoking tobacco cannot, under any circumstances, contain more than one pound. This decision was in answer to a firm that wanted to put up five-pound packages.

CRUSHED TO DEATH.—A little child seven years old, the son of Mr. Jesse Hardy, near La Grange, was literally crushed to death on Wednesday last. The child was engaged in driving a horse attached to a lever mill when he became entangled in the machinery. His head was drawn between the cog-wheels and was mangled in

The Kentucky University was chartered in 1858, and the College of Arts was opened the following year. Its complete organization was not effected until seven years later. The capital of the institution now exceeds half a million of dollars, and the number of students is not less than six hundred and fifty. Its generous and energetic founder, John B. Bowman, in a report to the Curators, says: "I want to build up a *people's institution*, a *great free* University eventually open and accessible to the poorest boy in the land, who may come and receive and education *practical* and suitable for any business or profession in life. I want to cheapen this whole matter of education, so that under the broad expansive influences of our republican institutions; and our advancing civilization, it may run free as our great rivers and bless the coming millions."

The Cornell University, of Ithaca, N. Y., was chartered in 1865. Its capital is estimated at over four millions of dollars. Of this, Mr. Cornell gave, in cash, 525,000, with this expression, "*I would found an institution where any person can find instruction in any study.*" He could not better have expressed the true theory of what is commonly called the University system. The number of undergraduates at present exceeds four hundred. All over our land there is a general uprising in favor of popular education. Universities and Colleges are springing up and flourishing, and in many States, almost every hill top and valley is dotted with a school house. But in no one of all the States is a more generous and liberal Constitutional provisions made for education than in North Carolina. She cannot afford to be idle, nor to linger too far behind her sisters. Our youth must be educated, and educated well.—Many who were boys fifty years ago, and lived in sight of the village school house, or almost under the shadow of College walls, cannot to day sign their names. To their credit be it said, some of them, by their own unassisted energy, have placed themselves among our wealthiest and most worthy citizens. But they are foremost now to educate their children. They know that ten years from to-day the illiterate man will not compete with his more favored neighbor. They feel that the best they can do for their children is to give them that of which no casualty can deprive them. And we have an evidence of this feeling on the part of our people. The Colleges of the State are reporting an increase in the number of their students, while the University, under serious disadvantages, with some opposition from abroad, and with a corps of Professors claiming no superiority in scholarship over their learned predecessors, opens with encouraging prospects.

In our University and Colleges provision should and must be made to give our young men a practical education, and fit them for any and every station in life. They must not only be qualified for the bar, the pulpit and the forum, but the best instruction must be offered in Scientific, Technological, and normal studies, and this instruction must be accessible to all.

Our public and primary schools must prepare and send up students to the University and the Colleges, and in turn receive back from these their teachers, until the name of the University is written upon every school house and across every heart in North Carolina. The University, as the constitutional head and centre of the public school system, must shed its light all over the State, while the public and primary schools shall reflect its splendid glory.

A NORTH CAROLINIAN.

The Legislature of Vermont stands: Senate, all Republicans. In the House there are only four Democrats.

We have watched the course of so many distressed, emaciated and forlorn dyspeptics, of worn-out and prostrated females, who have taken a new lease of life, and, gradually received vigor, strength, health, and the power of social pleasure from the effects of PLANTATION BITTERS, that we are not surprised at the testimonials daily received. If it is a pleasure to do good in the world, how full must be the measure of the Proprietors of these celebrated Bitters.

CHOLERA.

A Cure for this Disease may be found in the use of

PERRY DAVIS' PAIN KILLER.

I have used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family for the last twelve months, and have great pleasure in testifying to its very valuable properties. I would not on any account be without it. During the existence of the Cholera last year, I used no medicine of any sort but the Pain Killer, although myself and several members of my family were attacked by it severely, and I am happy to say that the Pain Killer was equal to every emergency; it was both a preventive and a certain cure. I consider I should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to day, the Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on. F. E. BERGINSEND,

SPECIAL NOTICE.

SCIENCE ADVANCES.

As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Sometime since, mercury, in the disguise of pills, powders, &c. was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length HOSTETTER'S STOMACH BITTERS made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has consigned them. There have been many spurious Bitters palmed upon the community, which, after trial, have been found perfectly worthless, while HOSTETTER'S has proved a blessing to thousands, who owe to it their restoration to health and for many years we have watched the steady progress of HOSTETTER'S STOMACH BITTERS in public estimation and its beneficient effects as a cure for all complaints arising from the stomach of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation, after years of careful study and sitting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and it therefore demands the attention of the afflicted. Sept. 1, 16 1m.

THE KIDNEYS.—THE KIDNEYS ARE TWO in number, situated at the upper part of the loins, surrounded by fat and consisting of three parts, viz.: the Anterior, the Interior and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain. This frequently occurs in children.

To cure these affections, we must bring into action the muscles, which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack it is sure to affect the bodily health and mental powers as our flesh and blood are supported from these sources.

GOUT, OR RHEUMATISM.—Pain occurring in the Loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

THE GRAVEL.—The gravel ensues from neglect or improper treatment of the kidneys.—These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

DROPSY is a collection of water in some parts of the body, and bears different names according to the parts affected, viz.: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT.—Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under it the head we have ranged Dysuria, or difficulty and pain in passing water, scanty secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quantity, but increase of color, or dark water. It was always highly recommended by the late Dr. Physick, in these affections.

This medicine increases the power of digestion, and excites, the absorbents into healthy exercise, by which the watery, or calcareous, depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.

PHILADELPHIA, PA., Feb. 25, 1867.

H. T. HELMBOLD, Druggist:

DEAR SIR—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room.—From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement too small, and therefore concluded to defer it, as I feared it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

THE TAX LIST FOR THE YEAR 1869 is now in my hands for collection. All tax-payers are notified to come forward and make payment without delay. It is my duty to enforce collections as speedily as possible, and it is hoped that all will cheerfully comply with the requirements of the law. All Merchants that have not rendered their sworn statements of purchases for the quarter ending on the 30th of June last, are notified to do so without further delay. Liquor dealers are required to render sworn statements of purchases from the first of April, 1868, to the first of April, 1869, also for the quarter ending 30th of June, 1869, and pay tax on the same. Any person that may know of any unlisted property in the County will please report the same to me. JOHN C. RHODES, *Sheriff.*

Notice.

I HAVE disposed of my stock of Books Stationery &c, in my branch store of Goldsboro', N. C., to Mr. J. W. Gulick, of this place. I take occasion to return thanks to this community and vicinity for their patronage, and earnestly bespeak for my succes or their liberal encouragement.

I continue the Book, Piano Forte and Music Business, as formerly, at Newbern, N. C., and will prior to October, open a branch store at Wilmington, N. C. At either place I shall be glad to receive my former patrons of this section and promise satisfaction in filling orders entrusted to me.

$25 Reward,

WILL BE PAID FOR THE ARrest and delivery to me of John Wesley Allen, a colored man, who was in the employ of my son about two weeks ago. The said John Wesley Allen stole from my premiums, a double case brass watch, with a Ladies Silver Chain: in the back of the case is scratched with a pin, the initials F. D. P. Which will be discovered on close examination. He also carried off with him a pistol of the style known as "Pepper Box," white sap streak in the breach. Other articles were stolen at the same time. The above reward will be paid for his delivery to the Sheriff of Wayne that he may be brought to Justice, the county, where he hails from.

BADLY HURT.—Windell Pipkin, a youth, son of Willis Pipkin, Esq., of this town, was badly hurt at the Cotton Gin of Mr. E. B. Borden, on Friday last. By some means he got his knee among the saws, and before he could be extricated his leg was lacerated in a shocking manner.

☞ "What was the purport of your remark, sir?" inquired a somewhat deaf individual of his companion, as he handed him one end of his ear trumpet. "I said," screamed his friend at the top of his voice through the india rubber tube, "that if you wanted to buy any under garments or furnishing goods of any kind for yourself, or clothing for your six boys, that Einstein, at his new quarters, in the Wigg's building, was the place for you to go to." "Ah!" exclaimed the deaf man, "tell Mr. Einstein I am much obliged to him, and will go with him anywhere." "He doesn't want you to go with him," screamed his friend, "but to him." "Ah, certainly, to be sure I will, and make my purchases there." It is unnecessary to add, that Einstein deducted fifty per cent. on account of his deafness.

PROMPT PAYMENT.—We are glad to learn, says the Wilmington *Star*, that immediately on receipt of intelligence of the burning of a freight car on the Wilmington & Weldon Railway, containing nails and tobacco valued at $6,000, reference to which was made in these columns yesterday, the Superintendent telegraphed the consignors to duplicate the order of the consignee without delay and draw on the Railroad Company for the amount charged. New Orleans was the destination of the goods; and it is thought they will be duplicated and be in the hands of the consignee within seven days of the original date of shipments. Such promptness in the adjustment of losses ought to commend the Coast Line to the favorable attention of merchants; and we give the line the benefit of this paragraph.

☞ Mr. Albert Day offers his residence, on William Street, for sale. It is in a pleasant part of the town, and in an excellent neighborhood. See advertisement.

"HELP ME UP."—A WIDE-AWAKE BOY OR GIRL wanted at every Post Office, to assist in circulating "Help Me Up."

A charming picture from the pencil of Mr. E. B. Bensell, and engraved on steel by Sartain, entitled "Help Me Up," is one of the attractions offered by the Publishers of OUR SCHOOLDAY VISITOR, for 1870.

"HELP ME UP" is in size, a little more than ten by thirteen inches, printed upon plate-paper fifteen by nineteen inches. It represents a group of children preparing for a bare-back ride upon Dobbin, the old family horse. One little fellow, fearing he will be left, is in the act of making the appeal from which the picture takes it name. It is, in fact, one of the sweetest bits of country life imaginable.

"HELP ME UP" has been prepared as a Premium Plate for the subscribers of OUR SCHOOLDAY VISITOR for 1870, at an immense cost, and is alone well worth twice the price asked for the VISITOR itself. In fact, its retail price to others than regular VISITOR subscribers, is $2.50. Every one of our readers should at once become acquainted with OUR SCHOOLDAY VISITOR if not already so, and through it secure this picture. THE VISITOR gives more reading matter, of a better, character, better illustrations, and more liberal premiums than any other magazine of its class or price published in the world. It will soon enter upon its FOURTEENTH year, and is of course well established, so that there is no risk in sending for it. It contains, each month, 32 pages of well-written, original articles, from the very best writers, good illustrations, a school dialogue, stories travels, puzzles, problems, music, &c., &c.; and is, in short, for beauty, interest, cheapness and *tone*, not excelled by any other.

Every one who subscribes before November first, gets the October, November and December numbers of this year free. Every name, whether it be of a new or old subscriber, counts for a premium. WEDNESDAY SEPT. 22, 1869

CRAWLED UP.

Once upon a time, a gentleman found in his henroost a simple minded soul of the vicinage, who lived without visible means of support.

"What are you doing here, you rascal? Stealing my chickens?"

"No sir," was the response, "I ain't thought of doin' nuthun' of the sort."

It unfortunately happened that the simple-minded individual wore a high straw hat, of the dimensions of a bee-hive, and the crown thereof was dilapidated to a serious extent. Just as he put in his denial, the head of a half grown pullet was seen to protrude from the aperture.

"See there!" said the gentleman, "How did that chicken get into your hat?"

"Well!" exclaimed the simple-minded individual, with an air of honest surprise and embarrassment, "That is the strangest thing that ever happened to me. I suppose the durned critter must have crawled up my trowsers leg!"

A French father was recently trying to persuade a young ward to marry his daughter, (the ward was very wealthy) and he said:

"She has talents even to her fingers' ends."

"I should prefer a thimble there."

"She will be the best of literary wives."

"I should prefer the best of housewives."

"She will go to posterity."

"I had much rather she would go to market."

Josh Billings has been experimenting with pills for the good of mankind, and says "If you are looking after a pill az mild az a pet lamb, and az searching az a fine toothed comb, buy Dr. Kingbone's Silent Preambulators. 27 in a box, sold by all respectful druggers. Theze pills don't phool around, but attend strictly tew bizzines; and are az good in the dead of nite az an alarm clock."

The following intoxication toast was offered by a Mr. Stearns, at a festival given to a National Division of the Sons of Temperance at Washington Thursday night: "Woman—more beautiful than strawberries, and cream; the purest spirit of the age—she is far more intoxicating than wine; we love her and she can't help herself."

It is said to be an actual fact that the man who attempted to hug the beautiful Miss Lemon, has sued her for striking him in the eye. He is altogether unreasonable. Why should he squeeze a lemon unless he wants a punch.

A good suggestion is like a crying baby at a concert—it ought to be carried out.

RUM'S DOING—A STRANGE AND SAD STORY.

FORSYTH, July 30, 1869.—I am eighty-four years of age, and never, to my knowledge, have I used a pint of ardent spirits throughout my life; and yet, no man has ever drained a deeper or more bitter cup, because of the rum traffic than I have done.

I have been the father of nine children, seven sons and two daughters. One poor sickly girl is all that remains to me now. I was once the owner of 200 acres of land; owed no man anything, but love and good works—now a little cottage with a small garden and cow pasture is all my earthly wealth.

My oldest son became a merchant; drink was fashionable at the time; he became intemperate, failed in business, and at the age of twenty-seven died of delirium tremens.

My second son established a distillery, and at the age of 32, died a chained maniac, the inmate of a mad house—the cause intemperance.

My third son, under the influence of liquor, quarrelled with his friend—sought revenge, shed blood and died on the gallows.

My fourth son, after years of reforming and falling, finally perished in a snow storm. He was found a week after, with a half-emptied rum jug by his side.

My fifth son—he was greatly beloved—a preacher of the Gospel, but rum dragged him from God's altar, and laid him in the grave of a suicide.

My sixth son was for three years a clerk in the city of New York, came home a wreck, and in four weeks died of pulmonary consumption, induced by intemperate habits.

My seventh and last son, while intoxicated, fell from his horse and had his brains dashed out. He died on the spot.

My oldest daughter married a man who became a sot. She struggled long with poverty and abuse; but finally, gave way and died of a broken heart.

My youngest and only remaining child is the sickly girl I mentioned, the very last fragment of my once promising family.

My poor wife bore long, with Christian fortitude, the weight of her crushing woes; but nature gave way at last, and I rejoiced, for her sake, when she fell asleep in death.

I have nothing personally to fear from the rum traffic, but four of my sons having left families I fear for them.

I am told to love my country. If my country had loved me I might have been the father of nine living sons and daughters. Does my country know that she is giving legal life and being to a system more ruthless—a murderer more deadly than the bloodiest sword of a foreign foe? or the most oppressive laws of a foreign power? She is cherishing a fiend that is gloating upon the best blood of her children and sending them to the judgment seat bereft of reason and devoid of hope.

I am told to love my neighbor as myself. Father of Mercies! how can I love him, who, for money, will rob father and mother of all that their hearts hold dear?

I will love my country when she guards my interest and my life.

I will love my neighbor when he proves human. Till then, I have no love, because no hope.

But pardon me, pardon an old man if he speaks warmly; let my fearful sufferings plead my excuse and the magnitude of the evil it would overthrow.—*Extract from Uncle Sam's Farm Fence.*

A young wife remonstrated with her husband, a dissipated spendthrift, on his conduct. "My love," said he, "I am only like the Prodigal Son—I will reform by-and-by." "And I will be like the Prodigal Son, too," she replied, "for I will arise and go to my father; and accordingly off she went.

A LADY said to the gentleman who accompanied her and her sister, "Why, it rains; send and get an umbrella." "Why, my dear," said the gentleman, "you are neither sugar nor salt, and the rain will not hurt you." "No," said the lady, "but we are *lasses*."

CONGLETONS

VEGETABLE SALVE

The Great Cure for Piles.

TETTER, BURNS, FRESH CUT WOUNDS, OLD SORES CHAPPED HANDS, LIPS AND FACE THROAT, BOILS, BRUISES, SHINGLES, CORNS, &c.

THE great cures that this Salve has, and is now making, particularly the astonishing cures of Piles which it has effected, places it, beyond question, as the greatest remedy for this disease that has ever been known.

Sufferers from this dreadful and troublesome complaint, and their numbers are counted by thousands, and daily increasing, can confidently rely upon this Salve as the great medicine that will certainly cure them, having never known it to fail in a single instance

Below we give for the benefit of those suffering from Piles, a few Testimonials from those who have suffered, and been completely cured by the use of Congleton's Vegetable Salve:

TESTIMONIALS;

WILLIAMSTON, MARTIN CO., February 22nd, 1869.

MR. JNO. R. CONGLETON, RALEIGH, N. C.

Dear Sir:—For the last eight or ten years I have been exceedingly troubled with a painful and distressing case of the Piles. Hearing "Congleton's Vegetable Salve" spoken so highly of as the great cure for Piles, I purchased in March, 1868, while in Washington, N. C., one box, and was soon relieved, and by the time I had used the contents of the box, I was perfectly well, and have never had any return since. I consider myself entirely and permanently cured. I give this for the benefit of those who may be troubled with the same disease, believing thereby that I will be benefiting them, and recommending to them a most valuable medicine and worthy of great praise.

I have also used the salve for Sore Throat, and find it the best medicine I ever had in my family for that complaint.

Respectfully yours, JAS H ELLISON.

☞ THE MOST EXTRAORDINARY CURE OF PILES ON RECORD ☜

WAKE COUNTY, N. C, Feb. 14, 1866

MR. CONGLETON—Dear Sir:—It is with pleasure that I heroin certify to the efficacy of your Vegetable Salve, in the cure of Piles. I have been afflicted with said disease some twenty five years, more or less. I have tried various remedies, but found no cure until I was advised by a friend in Raleigh to try your Salve, which I have done, and am at present perfectly well. I have used only one box, which I think, it judiciously used, will cure any case like mine.

I would advise all afflicted with said disease to go and do likewise

Yours respectfully, HENRY UTLEY.

Price 25 cents a box $2 a dozen. It will be sent to any part of the country, postage paid, on receipt of 30 cts a box.

THE AMERICAN

Rheumatic Liniment

CAUSES a thrill of joy to vibrate through the heart of all those who are suffering from RHEUMATISM, NEURALGIA, HEADACHE, PAIN IN THE SIDE, BACK AND JOINTS, &c.

Those who are daily wasting away a life of painful suffering and torture will hail with delight the introduction of this great family medicine in their homes as the great harbinger of ease, and relief from their sufferings and pains, for this is the sure result when this wonderful medicine is used, Limbs and joints that have been stiffened and refused to perform their usual offices, have by the use of "The American Rheumatic Liniment" been restored to their former usefulness.

Secure a bottle at once and be relieved of your pain and suffering.

TESTIMONIALS:

RALEIGH, N. C., Jan 16, 1869.

MR CONGLETON:—On the 14th inst., I came to town with considerable pain and swelling in my right knee I got a bottle of the "American Rheumatic Liniment" and applied it to my knee, which was greatly relieved and assuaged in ten hours. I then applied it again and by night was so far cured as to forget to apply the remedy; this pain had resisted the application of Liquid Opodeldoc for a week without any perceptible improvement, causing a limp in my walk at sometime and fears of inability to walk at all.

Respectfully, THOS BAILY, Book Agent, Dayton N. C.

WAKE COUNTY, N. C., Feb. 24th, 1869.

MR. CONGLETON:—Dear Sir: My little son was for four months suffering with pains in his legs and weakness in his knees so he scarcely could get about and walked with great difficulty. I was fearful that he would lose the use of his legs entirely, which gave me a great deal of trouble and anxiety, hearing of the American Rheumatic Liniment, I purchased one bottle and commenced using it, and by the time I had used half of the bottle, my son was greatly relieved and could walk very well, and after using the whole bottle, he is now perfectly well, with many thanks to you and praises for the "American Rheumatic Liniment" I am yours, &c.,

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*Impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

AYER'S

Ague Cure,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, Indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are *Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach,* all of which, when originating in this cause, put on the *intermittent type,* or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection
